Col. Bryan is the only man we know of who can make a base hit on a foul bawl.

Judge Parker was in New York to attend a dinner the other day. The newspapers sent reporters to see him. They saw him and he sawed the wood.

Scientists still insist that kerosene oil poured in puddles of water will exterminate mosquitoes. Yes, but it's the mosquitoes on the wing that everybody wants to get at.

A French judge has rendered a decision it is not improper to swear at a telephone girl. It has also been decided in North Carolina that a newspaper can cuss and discuss a judge.

The Populists will hold their national convention at Springfield, Ill., July 4th. It is quite appropriate for the Pops to be doing something on the day when the firecracker pops.

A Michigan farmer has been adjudged insane because he fancied that he was a Presidential candidate. What ought to be done with a man who fancies that he is fit to be president and isn't?

The Russians are now gratified to announce that General Derog has gone to the front. Gee! we bet that general will prove to be a side partner to Jonah, for what could be said about him without speaking of him in derogatory terms?

A newspaper reports that "Col. Bryan is still confident that the Kansas City platform will be reaffirmed at St. Louis." It is innocent confidence like that in some people that justify the gold brick sellers to continue doing business.

Humane sentiment means something when it gets as strenuous as it did at the scheduled bull fight in St. Louis last Sunday. Women members of the Humane Society jamped into the arena during the height of the rioting and shouted "Burn the bull ring! Burn the bull ring!" The crowd obeyed all right.

A carefully prepared estimate, based on the returns from sixty counties that have already acted, gives Stedman 372 and Glenn 322 votes for Governor. In the remaining thirty-six counties, most of them in the West, the combined vote for Davidson and Turner will be large, and the other votes in those counties will be about equally divided between Stedman and Glenn.

THE STEAMER COMPTON READY.

Repairs and Painting Completed—Begins Her Southport Schedule Sunday.

The extensive improvements and repairs to the enlarged steamer "Compton" were completed yesterday and she is now as bright as a new pin with excellent accommodations for seven or eight hundred passengers. At Norfolk the "Compton" was recently rebuilt and she was brought to Wilmington for the "finishing touches," so to speak. These have been put on and the "new Compton" is admirably adapted to the freight and passenger service in which she will be engaged.

For the Summer excursion travel, she has been improved in appearance and convenience by the addition of a substantial hurricane deck, extending from the pilot house to the stern, a distance of a hundred or more feet, allowing a beautiful floor for dancing and promenade. Comfortable seats extend entirely around and a neat railing is provided. Two companion stairways lead up from the main or saloon deck. The saloon deck is also improved by being covered overhead from stem to stern and canvas curtains are used on the side to protect passengers from sun and rain. All the windows have been supplied with neat curtains. The "Compton" is now a complete steamer and a decided addition to the Cape Fear fleet.

Beginning next Sunday the boat will begin her regular schedule between Wilmington and Southport. The company has the contract for carrying the mail between Wilmington and Southport, for four years, beginning July 1st. It has built a new pier at Southport and put up a warehouse on it. A new wharf and warehouse have also been built in Wilmington. The company's facilities for handling passengers and freight are first class.

Experts at Trap Shoot.

The Gun Club is in receipt of information that Mr. Walter Huff and Col. J. T. Anthony, the latter well known to Wilmington people, and both experts at trap shooting, will visit the Club on Thursday. An effort will be made to keep them over for the regular Friday shoot, but if unsuccessful, the traps will be opened for them on Thursday. The public is invited to witness the shooting by these gentlemen.

South Carolina Excursion.

The party numbered about 350.

THE FEDERAL COURT.

Several Interesting Cases Tried at Morning and Afternoon Sessions Yesterday.

JURY IS OUT ALL NIGHT.

Unable to Reach Verdict as to Fayetteville Negro Who Passed Raised Bill. Young Merchant from Lumberton in Trouble—Notes.

Both morning and afternoon sessions of the United States District Court were held yesterday, though not a great many cases were tried. The morning session convened at 10 o'clock. Thos. H. Maxted was appointed by the marshal and sworn as a bailiff for the term. By order of court, A. M. McKinnon was excused for non-attendance as a juror, it having appeared from a certificate filed that he is now under treatment for his eyes in a hospital in New York. Oakley McNeill was also excused as a juror on account of sickness. During the day Woodus Kellum, Esq., was admitted to practice in the courts upon taking the oath prescribed by law.

Coy Ivey, white, of Robeson county, pleaded guilty to retailing without license and was sentenced to 30 days in jail and to pay $100 fine and costs.

One of the interesting cases of the day was that of W. J. Terry, formerly postmaster at Roberdel, Richmond county. Mr. Terry was charged with over-cancellation of stamps, the ostensible purpose being to increase the emoluments of his office. The case was worked up by Postoffice Inspector F. N. Davis, who was yesterday one of the principal witnesses for the government. Claudius Dockery, Esq., appeared as counsel for the defendant and upon recommendation of the Postoffice Department judgment was suspended on payment of costs and $154.35, the amount involved in the irregularities charged to Mr. Terry. Defendant was allowed to file bond for payment of costs within 20 days, capias to issue at the expiration of that time unless the obligation is met.

Chas. Graham, of Scotland county, was found guilty of retailing and sentenced to 90 days in jail and to pay $100 fine and costs. Nelson Fairley, colored, also of Scotland county, was found guilty of retailing and was sentenced to 60 days in jail, $100 fine and costs.

Another interesting case tried during the morning was one in which Percy C. Blake, a small merchant of Lumberton, was charged with the illicit sale of intoxicants, the beverage having been lemon extract ostensibly of the kind usually sold at soda fountains. Witnesses testified that the peculiar kind of extract bought of Mr. Blake made them drunk. R. E. Lee, Esq., appeared for the defendant. The jury remained out for nearly half a day but finally returned a verdict of guilty during the recess for dinner. At the afternoon session Mr. Lee pleaded with Judge Purnell that a penalty of fine be imposed, but the court ordered that the defendant be imprisoned for 60 days and pay a fine of $100 and costs. Still further effort will be made by Mr. Blake's attorney to get a commutation of the sentence so that there will be no imprisonment.

The last case tried during the afternoon was that of Alex. Evans, a colored shop keeper of Fayetteville, charged with passing a $1 bill ingeniously raised to the denomination of $10, the defendant knowing the same to have been spurious at the time of its passage. The case was worked up by Detective Ahearn and the raised bill was introduced in court. Ex-Judge Thos. H. Sutton represented the prisoner while the prosecution was vigorously conducted by Col. Harry Skinner, the district attorney. At 4 o'clock the case went to the jury and no verdict had been reached when court took a recess shortly after 5 o'clock. By agreement of counsel, the clerk was instructed to take the verdict when the jury came into court.

at an early hour this morning no agreement had been reached by the jury and members of the same will be locked up in the U. S. court room.

Jno. D. Shaw, Jr., Esq., asked for a continuance of the case of Wm. Priest, of Robeson county, charged with wanton destruction of a free delivery box. Judge Purnell said he would take Mr. Shaw's affidavit and rule on the question later.

In the matter of E. F. Young, in the bankruptcy court, an order was made and signed for publication. The same is given in official advertisement elsewhere in to-day's paper. Three affidavits were filed in support of the order.

Funeral of a Child.

The funeral of James Dickson Bissett, infant son of Mr. and Mrs. J. E. Bissett, who passed away Tuesday at the family home in Portsmouth, Va., was conducted at 4 o'clock yesterday afternoon from the residence of Mrs. Bissett's father, Mr. E. G. Polley, No. 912 Market street, this city, the Rev. A. D. McClure, pastor of St. Andrew's Presbyterian church, officiating. The remains were tenderly laid to rest in Oakdale, the pall-bearers having been Messrs. Gordon Johnson, Willie McKenzie, Charlie Hall and Freeman Yopp, all friends of the bereaved young couple.

Go to Raleigh on Gough's Rapid Flyer, June 20th. If you don't want to come back on the excursion your ticket can be made good on regular train. See large hand bills or consult Seaboard agents. †

FUNERAL DIRECTORS ADJOURN

Fifteenth Annual Convention of State Association Came to Close Last Night. To-day on the Water.

The fifteenth annual convention of the North Carolina Association of Funeral Directors and Embalmers came to a close at the Seashore Hotel, Wrightsville Beach, last night at a late hour. The Association decided to hold its annual convention on May 9th, next year, in Salisbury. The following officers were elected for the ensuing term:

President—James F. Woolvin, of Wilmington.

First Vice President—J. F. Morris, of Winston-Salem.

Second Vice President—W. L. Simmons, of Tarboro.

Secretary—W. L. Bell, Concord.

Treasurer—E. Poole, Greensboro.

Delegates to the National Association of Directors and Embalmers were named at last night's session and a number of fine addresses of special interest to the profession were heard. Among the speakers were Messrs. John Brown, of Raleigh, H. W. Simpson and G. W. Wright. Mr. Simpson spoke of "Funeral Etiquette at the Church" and Mr. Wright made an interesting address upon etiquette which should govern the funeral directors at the grave.

An enthusiastic resolution of thanks to Manager J. H. Hinton for courtesies extended to the Association during its entertainment at the Seashore Hotel was unanimously adopted.

Mr. J. M. Connelly, of Charleston, S. C., president of the National Association, was elected an honorary member of the North Carolina State organization.

At the morning session yesterday the Association heard with pleasure and profit an address upon "Contagion and Infection" by Dr. Chas. T. Harper, superintendent of health of the city of Wilmington. Dr. Harper's address was timely and was listened to with attentive interest. Maj. L. T. Christian, of Richmond, also delivered an able address during the morning session. A "quiz class" was conducted during the morning with much interest and profit to members.

Before adjourning last night the Association accepted with thanks an invitation from the newly elected president, Mr. James F. Woolvin, of Wilmington, for a complimentary trip to-day to Southport and Fort Caswell on the steamer "Wilmington." The party will leave at 9:15 A. M. and return at 2:15 P. M. as many of the visitors desire to leave on the afternoon trains for their homes.

The State Board of Examiners of applicants to practice embalming conducted an examination yesterday afternoon as the result of which several certificates were issued.

PRETTY AFTERNOON WEDDING.

Miss Lillie Everett Charming Bride of Mr. James Andrews Northam.

A most beautiful wedding service was solemnized at the First Presbyterian church by Rev. J. M. Wells yesterday afternoon at 5:30 o'clock, the contracting parties being Mr. James Andrews Northam and Miss Lillie Everett, daughter of Mr. and Mrs. Joseph C. Everett, all of this city.

The bride wore blue voile over taffeta and carried a shower bouquet of bride's roses and lilies of the valley, tied with white chiffon. Miss Lena Page Everett, sister of the bride and maid of honor, was becomingly attired in white organdie and carried a bouquet of bridesmaid's roses, tied with pink satin ribbon. Mr. J. E. Everett, brother of the bride, gave her away in the absence of her father. Mr. N. E. Gillican was best man. The ushers were Messrs. E. W. Fonville, H. Allen Huggins, D. Archie Bullock and W. M. Everett.

The bride and groom left at 6:50 on the northbound A. C. L. train for an extended bridal tour.

Among the out-of-town guests in attendance upon the wedding were: Capt W. H. McLaurin, of Laurinburg; Miss Louise Everett and Miss Ludy Pedin, of Laurinburg; Mr. and Mrs. W. H. Dennis, of Portsmouth; Mr. W. M. Everett, Norfolk, Va.; Mr. and Mrs. Gerritt Walker, of Wrightsville Sound.

BLUE COATS WILL FROLIC.

Annual Outing on Carolina Beach Next Week—Merchants Offer Prizes.

One of the big seashore events next week is the annual excursion of the Police Department to Carolina Beach on the steamer "Wilmington," Wednesday, June 15th. A committee composed of Messrs. G. R. Holt (chairman), J. R. Hardee, E. Skipper and R. L. Truelove is busy with the arrangements, and it will be worth while for everybody to take the trip with Wilmington's "finest" on that day. There will be a shooting match, running race and various other athletic events, in all of which the general public will be interested. Long ago upon the occasion of these annual excursions of the police, the merchants of the city offered handsome prizes for the contests, and it is to be hoped there will be generous response this year. Messrs. J. M. Solky & Co., with their characteristic enterprise, have offered a fine hat as one of the prizes, and the officers ask that any others who will give prizes notify any member of the force at once.

It cost only 75 cents extra to return on regular train June. 22nd if you go to Raleigh June 20th on Gough's Rapid Flyer. †

SIXTH DISTRICT DEMOCRATS.

Congressional Convention at Maxton To-day—'Twill be Patterson by Acclamation—Other Contests.

The Sixth District Congressional Convention will meet at Maxton, N. C., at noon to-day and as before stated there appears little doubt but that Hon. G. B. Patterson will be renominated by acclamation. Wilmington delegates left yesterday afternoon for the scene of the convention. In the party were Col. Geo. L. Morton, chairman of the District Executive Committee; Cameron F. MacRae, J. O. Carr and Geo. L. Peschau, Esqs. Mr. Iredell Meares, who withdrew from the race in favor of Mr. Patterson, went up last night. State Senator Geo. H. Bellamy, ex-Representative W. H. Phillips and others of Brunswick, also went up yesterday. H. L. Godwin and E. G. Davis, Esqs., of Harnett, also were in the city yesterday on their way to the convention. The following special telegram was received from Maxton last night:

MAXTON, N. C., June 8.—All counties in the district are represented here to night and convention will be called to order to morrow at noon. Patterson has no opposition and will be nominated by acclamation. H. L. Cook has withdrawn as a candidate for elector and H. L. Godwin, Esq., of Harnett, has an open field. Interest centres in the delegates to the National Convention, there being three candidates, A. W. McLean, of Lumberton, Homer L. Lyon, of Whiteville, and Col. Wharton J. Green, of Fayetteville. There is a fair attendance and others will come to-morrow. Maj. E. J. Hale's friends are asking that he be recommended as a delegate at large to the National Convention.

WILMINGTON, N. C.

THURSDAY MORNING, JUNE 9.

THE CAMPAIGN OPENED.

The dispatches tell us that the opening meeting of the Republican National Campaign was held at Wilmington, Del., on Monday night. It was held in the opera house under the auspices of the Roosevelt Working Men's Club, of Delaware, an organization formed recently. Albert O. Crozier presided and the vice presidents included Governor Hunn, and United States Senators Ball and Allee.

The principal speaker of the evening was Secretary of the Treasury Shaw. We have only seen a synopsis of his speech but if the balance of it was as tame as the part we have seen it was not calculated to arouse any great enthusiasm. Contrasting the two parties Mr. Shaw said:

"The Republican party is not a party of sympathy, but of encouragement. Instead of posing as a benevolent institution, it represents policies which reduce the occasion for almsgiving to the minimum. Its bounty is opportunity. The Democratic party, on the contrary, never fails to express sympathy for the overburdened," etc.

Secretary Shaw was right, for he told the truth when he said that the Democratic party was a party of sympathy. It has always sympathized with that large class which does not share in the "bounty" of that small class to which the Republican party offers and guarantees "opportunity."

Secretary Shaw was also right when he said that the Republican party "represents policies which reduce the occasion for almsgiving." The encouragement which the Republican party gives to the manufacturing class is a high protective tariff, and surely that is prodigality and not "benevolence." The Republican party always overlooks "almsgiving"; it is too busy giving to him who already has plenty and to spare.

Another thing which Secretary Shaw said was that the Democratic party is "loudest in their protestations of sympathy for the overtaxed people. They never congratulate; they always sympathize." With financial conditions at a low ebb in the money centres, with strikes all over the country, with laborers being discharged by the thousands, with wages cut down, and the cost of living so high as to be a burden, we fail to see how the Republican party has got much to "congratulate" itself over. But hear this from Secretary Shaw:

"I am neither a prophet nor the son of a prophet, but I venture the opinion that at least one-half of the opponents' argument during the coming campaign will be directed against alleged unreasonable living expenses. You will be told that the price of meat is exorbitant; that the price of bread is unreasonable; in short, that the price of everything you buy has been unduly advanced, and all because of Republican policies and Republican legislation. I am confident, however, that before the campaign proceeds very far there will be furnished from the highest possible authority in the United States well-authenticated data showing that the average wages have increased in larger proportion than the average articles of ordinary household consumption. But of this I do not care to speak at this time."

We rather think Mr. Shaw had better wait for the figures, for we have no doubt some able statisticians will figure out great things in showing how wages have increased in greater ratio than the cost of living has increased. It will take some tall figures to prove that. At any rate, it shows that at the very first campaign meeting the Republican party is on the defensive.

THE DEMOCRATIC SITUATION.

The Democratic State conventions which have been held this week have resulted as was anticipated. Idaho and Hawaii have instructed for Hearst and Colorado adhered to Bryanism but did not instruct, and Delaware instructed for her favorite son, Judge Gray. With the favorite son folderol, several delegations controlled by Bryan, others by Hearst and Parker and uninstructed delegations from many States, the danger to the Democracy in the St. Louis convention will be so many differing elements that it will require the efforts of extremely able and adroit leaders to get them together. This, we have always held and now hold, is the reason why the North Carolina delegation should be instructed, before the chance for harmony and a safe candidate is thrown away.

Here are some interesting figures on the situation, taken from the Washington *Post*:

Counting the delegations from Hawaii and Idaho, the Democrats have now elected 668 of the 994 delegates to their national convention at St. Louis. Granting that Idaho and Hawaii both have leanings towards Hearst, Parker has 202 of the delegates, Hearst 143, while 238 are uninstructed and the remainder are counted for favorite sons, like Wall, Olney and Gorman.

Parker's positive strength of 202 is as follows: Alabama, 22; Connecticut, 14; Georgia, 26; Indiana, 30; New Hampshire, 4; New York, 78; Ohio, 4, and Tennessee, 24.

Hearst's positive strength consists of the following delegates: Arizona, 6; California, 20; Florida, 8; Iowa, 26; Kansas, 6; Maine, 8; Massachusetts, 6; Nevada, 6; New Mexico, 6; Ohio, 11; Oregon, 6; Rhode Island, 6; South Dakota, 8; Washington, 10; West Virginia, 2, and Wyoming, 6. If, as already stated, Hawaii and Idaho, whose conventions assembled yesterday, choose delegates for Hearst, as has been expected, notwithstanding leanings toward Parker in Idaho, Hearst has 12 more delegates. Then, according to advices from Illinois, 54 more are to be added to his column when the Democratic State convention meets at Springfield. That would bring his strength up to 197 delegates, gates, but the total will be reduced considerably by the enforcement of the unit rule in several delegations.

Most of the statisticians prefer to place Maryland, with 16 delegates; the District of Columbia, with 6, and West Virginia, with 12, in the Gorman column, but that leaves the column of uninstructed delegates as follows: Florida, 7; Kansas, 14; Maine, 9; Massachusetts, 1; Michigan, 28; Minnesota, 2; Montana, 6; Nebraska, 16; New Hampshire, 4; New Jersey, 24; Ohio, 21; Oklahoma, 6; Oregon, 2; Pennsylvania, 68; Rhode Island, 3, and South Carolina, 18.

There are 326 delegates yet to be chosen, which is a little less than one-third of the whole. The last State to choose delegates will be Missouri, the convention meeting June 29, at Joplin.

CURRENT COMMENT.

— Richmond honors the widow of General Stonewall Jackson, and is proud whenever she honors this city with a visit. Mrs. Jackson is in Richmond now, stopping at the home of Judge George L. Christian.—Richmond Times-Dispatch.

— To show you how quickly this country can recover from disaster, we have but to remind you that it was only a year ago that Spartanburg's mill district was flood-swept and destroyed. You will find but few reminders of that terrible tragedy now.—Florence Times.

— When it is considered how free was Mr. Roosevelt in his criticisms of Thomas Jefferson, Franklin Pierce, Tyler, Van Buren and other Democratic Presidents, it must be confessed that he has put himself in a position where he will be compelled to take a very liberal dose of his own medicine.—Buffalo Evening Times.

— Instruct the Virginia delegation to St. Louis to vote for Parker, and the State's influence will amount so something. Leave it uninstructed and its influence may not amount to anything. Instruct it for somebody who hasn't the ghost of a chance and its influence will be deliberately thrown away. The best course of action is to do something definite, positive and practical. Instruction for Parker fills the bill.—Norfolk Landmark.

COTTON MARKETS.

By Telegraph to the Morning Star

NEW YORK, June 8.—The cotton market opened steady at an advance of five points to a decline of four points, the near positions being influenced by rather better cables, while the late months were off under the excellent weather news. Trading was rather quiet at first and the list as a whole showed some steadiness under covering, but soon turned weak under bear pressure and declined to a net loss of about eleven to sixteen points, with July leading. At this level a somewhat better demand developed from spot houses and exporters, and there was a rally which carried the market up a few points. The firmer tone was lost, however, for private advices from the South indicated very little improvement in spot demand, private crop accounts were favorable and estimates for to-morrow's receipts at leading points showed relative heaviness. This caused a renewal of pressure and the market ruled weak during nearly the entire balance of the season, reaching the lowest point only a few minutes before the close when July sold at 11.24; October at 9.56 and December at 9.48; net declines of from twenty to twenty six points. In the last five minutes there was something of a rally on room covering and July recovered about ten points from the lowest, with the market finally very steady at a net decline of twelve to nineteen points with sales estimated at 400,000 bales. July was very nervous and irregular during the entire session and seemed to respond very quickly to comparatively light orders either way. During the early afternoon one of the floor brokers had a buying order for about 1,000 bales and was forced to bid the price up from 11.32 to 11.41, after which it went back quite as quickly to about 11.25. The new crop was affected by the excellent weather reports and was under pressure from one source or another nearly all day. Wall street, the South and Europe seemed to be selling in the local market and while commission houses bought freely on the spots they sold on all the rallies.

NEW YORK, June 7.—Cotton was quoted quiet at 11.70c, net receipts 106 bales; gross receipts 424 bales; stock 64,521 bales.

Diseases of the Kidneys, Bladder and Urinary organs are on the increase to an alarming extent, and often a dangerous stage is reached before the victim is aware of his affliction. Immediate attention should be given to the first symptoms, no matter how slight they may appear. Pains in the back, Dizziness, Irregularities and change in color of urine, frequent desire to urinate, etc., are warnings of nature of a derangement of these important organs.

STUART'S GIN AND BUCHU is a tested remedy for these diseases, and has made some wonderful cures. It acts immediately, and its curative power is seen at once. It can be relied upon even in advanced dangerous stages of the disease.

SUFFERED A THOUSAND DEATHS

Five Physicians had done their best to cure James Wilkes, of Dillon, S. C., who had one of the most terrible cases of RHEUMATISM on record. They all failed until one doctor prescribed—

Rheumacide

IT CURED HELPLESS CRIPPLE.

Mr. Wilkes writes in the course of a long letter, dated August 18, 1903: "My legs were drawn back until my feet touched my hips. I was as helpless as a baby for nearly 12 months. The muscles of my arms and legs were hard and shriveled up. I suffered death many times over. Was treated by six different physicians in McColl, Dillon and Marion, but none of them could do me any good, until Dr. J. P. Ewing, of Dillon, told me to try your RHEUMACIDE. I began to take it, and before the first bottle was used up I began to get better. I used 5½ bottles and was completely cured."

Dr. J. P. Ewing confirms Mr. Wilkes' statement in every particular.

SPIRITS TURPENTINE.

— The North Carolina Teachers' Association met on Wednesday at Morehead City.

— A site has been selected for Greensboro, $30,000 Carnegie library, and work will be commenced on it immediately.

— Mrs. Ellen Biven's nine-year-old boy was drowned in the mill pond near Saxapahaw Monday while in swimming with some other boys.

— The commencement exercises at Trinity College, Durham, closed yesterday. The graduating class was composed of two young ladies and 26 young men.

— At the election held in Lexington on Tuesday for a $60,000 bond issue, bonds carried by a handsome majority, only five votes being cast against the issue. The issue is for water-works.

— Durham Herald: If our memory is not at fault the editor of the Asheville Citizen, one of the best newspaper men that ever struck the State, was a few years ago sent to jail for contempt of court, and there was not so much hell raised about it either.

— In Washington on Tuesday Judge Jeter C. Pritchard, who last week retired from the District Supreme Court bench and became United States Circuit judge for the fourth circuit, called on the President to pay his respects and say good-bye. Judge Pritchard will at once move to Asheville, where he has bought a home.

— Charlotte Chronicle: A good deal of that nearly three million increase in the cotton acreage of the South this year, is in Mecklenburg county. It doesn't matter what road you take through the county, it is cotton on both sides of you. In many instances, flower gardens and back yards have been converted into cotton patches. Mecklenburg is going to see what she can do in the way of raising cotton this year.

— At a meeting of the board of commissioners of Craven county on Tuesday the purchase tax of the liquor dealers was increased from $5,760 to $38,141. The commissioners at the meeting in May required the transportation companies to furnish the amount of liquor delivered to the dealers for the preceding six months. This lead to the increase. Commissioner Foy, for the board, thoroughly investigated the matter and brought about the result.

— At the meeting of the Board of Commissioners of Wayne county on Monday petitions were presented by a large number of the most prominent citizens of Pikeville, Eureka, Fremont and surrounding country, praying that they refuse to grant any more license for the sale of liquor in those places. After hearing the question discussed the commissioners, by a majority vote, refused to grant further license. This of course means the county of Wayne will after the above date be dry throughout.

— At Salisbury on Tuesday the bonds of Thomas Foil and Adam Pool, the men who are in Rowan county jail under the charge of heinously maiming and committing a nameless crime upon Lawson Josey near this city about two weeks ago, have been raised from $700, as fixed at the preliminary trial, to $1,500 each. The men thus far have been unable to give the bond. On Monday Pool confessed his guilt in part, but claimed that his accomplice, Foil, was the principal aggressor in the vicious crime.

— Greensboro Record: There are no further developments in that case of poisoning, in which John Martindale lost his life, mention of which was made in the *Record* of Saturday. All the men were so drunk they cannot give any description of the man whatever who brought the liquor to them, which was poisoned. It is thought the man intended to dope the men and then rob them, but put two much laudanum in the liquor. It is a horrible thing and a great pity the man cannot be caught and punished.

— Greensboro Record: It is only a matter of two weeks until the assembling of the Democratic State convention, and arrangements are well under way for the event. Today Mr. Jno. T. Rees was made chief page, and he wants twenty bright boys like those he had two years ago to wait on the delegates with ice water, etc. Last year Mr. Rees managed the affair nicely, and of course he will do the same this year. The warehouse where the convention is to be held will seat some 5,000 easily, and the entire room is to be filled with electric fans. It is accessible on the ground floor, and will be found most convenient in all its arrangements.

— At Raleigh on Tuesday the Secretary of State chartered the following corporations: The Appalachian Mining and Development Company of Greensboro, with total authorized capital stock of $100,000, of which $50,000 is paid in by E. W. Lyon, S. G. Fry, of Greensboro, and O. K. McCutcheon, of Pittsburg, Pa.; the Damask Manufacturing Company, of Roaring River, Wilkes county, with total authorized capital stock of $125,000, of which $20,000 is paid in by Ira R. Hayes, R. W. S. Pegram and W. L. Harper; the Lenoir Wood-working Company, of Lenoir, with authorized capital stock of $20,000, of which $3,00 is paid in by J. M. Powell, J. R. Ervin and S. L. Tuttle; the Colored People's Mutual Life Insurance Company, of Shelby, on the assessment plan was also chartered.

startling Evidence.

Fresh testimony in great quantity is constantly coming in, declaring Dr. King's New Discovery for Consumption, Coughs and Colds to be unequalled. A recent expression from T. J. McFarland, of Benterville, Va., serves as example. He writes: "I had bronchitis for three years, and doctored all the time without being benefitted. Then I began taking Dr. King's New Discovery, and a few bottles wholly cured me." Equally effective in curing all Lung and Throat troubles, Consumption, Pneumonia and Grip. Guaranteed by R. R. Worst of All Experiences.

Can anything be worse than to feel that every minute will be your last? Such was the experience Mrs. S. H. Newson, of Decatur, Ala. "For three years," she writes, "I endured insufferable pain from indigestion, stomach and bowel trouble. Death seemed inevitable when doctors and all remedies failed. At length I was induced to try Electric Bitters, and the result was miraculous. I improved at once, and now I'm completely recovered." A WOMAN TO BE PRETTY

Must Have Luxuriant and Glossy Hair, No Matter What Color.

The finest contour of a female face, the sweetest smile of a female mouth, loses something if the head is crowned with scant hair. Scant and falling hair, it is now known, is caused by a parasite that burrows into the scalp to the root of the hair, where it saps the vitality. The little white scales the germ throws up in burrowing are called dandruff. To cure dandruff permanently, then, and to stop falling hair, that germ must be killed. Newbro's Herpicide, an entirely new result of the chemical laboratory, destroys the dandruff germ, and, of course, stops the falling hair, and prevents baldness. Sold by leading druggists. COASTWISE MARINE FIREMEN.

Expected That About 15,000 Men Will be Out on Strike Within the Next Two Weeks.

By Telegraph to the Morning Star.

NEW YORK, June 8.—Five thousand coast marine firemen, members of the Marine Firemen's Union, of this city, have been ordered to strike by Daniel Sullivan, the general secretary of the national executive board of the marine firemen's council.

The strike is expected to extend to all the coast cities from Portland, Me., to Galveston, Texas. According to the expectation of Secretary Sullivan, about 15,000 men will be out on strike within the next two weeks.

The firemen declare that their strike, although called while the New York, New Haven and Hartford railroad freight handlers are out, is not sympathetic, neither is it for increased wages or shorter hours, but to do away with what the members of the union consider to be their greatest grievance, a "crimp" system.

Secretary Sullivan to-night gave out a statement as to the firemen's grievances, in which he said:

"The 'crimp' is a fellow who goes to the high officials of coastwise lines and they give him money to control the shipping of firemen. These 'crimps' make anywhere from $4,000 to $5,000 a year out of the poorly paid and hard-worked firemen. This money is taken out of the wages of the firemen on every trip, and then the 'crimp' meets the head of the line and shares with him the blood money he has taken from the firemen.

"We have protested against this system to the representatives of the various coastwise lines and they have met our protests with denials that they had dealings with the 'crimp,' when we offered to prove to them that such was the case. The reason why they stand up for the 'crimps' is because there is big graft in it for the man higher up."

SUNDAY SCHOOL WORK.

Discussed at the Convention of Sunday School Editors and Publishers in Richmond, Va.

By Telegraph to the Morning Star.

RICHMOND, VA., June 8.—At to-day's business sessions of the National Association of Sunday School editors and publishers, Mr. Hartshon, chairman of the International Sunday School Association, led a discussion concerning the programme for the international convention to be held in Toronto, Canada, in 1905.

The topics "Advanced Lessons" and "General and Supplemental Lessons" aroused the liveliest interest and the charge that the Sunday school teachers of to-day are not abreast of the secular educators in the matter and manner of the instruction of the young, was sharply disproved.

A paper prepared by Amos R. Wells, of the Christian Endeavor World, of Boston, was presented. In this a strong plea was made that the Toronto convention be petitioned to arrange for a thoroughly digested advanced course of lessons for the senior department of the Sunday schools.

The association adjourned at 1 P. M. and after lunch took a trolley ride over the city and its environments. Seven Pines was visited and the battlefield was fully explored. To-night another business session was held.

JAPS REPULSED AT PORT ARTHUR.

Russians Report Several Determined and Stubborn Attacks Made by Land and Sea.

VESSELS BOMBARDING COAST

Rumor That Port Arthur Has Fallen is Not Considered Possible at St. Petersburg—Cavalry Skirmishes Continue Near the Outposts.

By Cable to the Morning Star.

LONDON, June 8.—A dispatch to Reutger's Telegram Company from St. Petersburg transmits the following from Liao Yang:

"The Japanese, June 6th, according to Chinese reports, made several determined and stubborn attacks on Port Arthur simultaneously by land and sea. They were repulsed with severe loss."

Bombarding the Coast.

LONDON, June 8.—A dispatch to Reutger's Telegram Company from St. Petersburg announces that a telegram has been received from Mukden, dated to-day, saying:

"According to information here a Japanese squadron of nine vessels has been bombarding the coast between Siunga-Cheng (Hiun-Yo-Ticheng) and Kai-Chou (Kai-Phing) on the west coast of the Liao Tung peninsula, just below New-Chwang, since June 7."

Rumored Fall of Port Arthur.

ST. PETERSBURG, June 8.—Nothing is known here of the various rumors to the effect that Port Arthur has fallen, but it is not considered possible at this time.

Port Arthur, the Liao Tung peninsula and the Yalu river are cut off from Russian sources by the Japanese, who are between the Russians and the territory mentioned. It is officially asserted that the cables connecting Japan with China are not working, which would prevent Tokio also from having knowledge of events in that section of Manchuria. The "interruption" of the cable work, however, is more likely to be "official" and due to a censorship at Tokio.

Unimportant Engagement.

RUSSIAN HEADQUARTERS, LIAO YANG, June 8.—The rumor that the Russian squadron has sailed out of Port Arthur remains unconfirmed here.

Unimportant engagements continue to take place on the Feng Wang Cheng road, between the Motien mountains and the Japanese positions. They are principally between Japanese cavalry and the Russian advance posts. The reports that the Russians had re-taken Saimatza which the Japanese had previously occupied are confirmed. Skirmishes are occurring in the neighborhood of Pu-La-Tien, (about 40 miles north of Port Arthur.)

The Japanese, lacking good cavalry, are adopting the system of using infantry supports. The Cossacks rarely attack without finding such supports.

Fight Expected at Kinchau.

LIAO YANG, June 17 (delayed in transmission.)—The Japanese have evacuated their position near Vafangow. The neighboring mountains are deserted and the recently constructed entrenchments are empty. Japanese mounted scouts even are no longer seen and the Russian patrols have failed to locate any Japanese as far as Nafangkau. The railroad is only slightly damaged and can be repaired in a few hours. A severe fight may be expected at Kinchau, where the Japanese are concentrating in the positions captured from the Russians. Japanese north of Pulandien are apparently retiring on that place. The Japanese have not effected a landing at Kai-Chau. Their fleet of twenty-five transports, loaded with war material and provisions, which was lying off Kai-Chau, has disappeared. Stores for the Japanese army are reaching Kinchau from all directions. In the recent fighting the Japanese, it is estimated, lost 320 killed or wounded. They employed many coolies to carry away the bodies under cover of night.

A Russian Reverse.

LONDON, June 9.—The Shanghai correspondent of the Morning Post telegraphs under date of June 8th:

"General Stakelberg's Russian brigade, marching in the direction of Port Arthur, suffered a reverse on Saturday at Wa Fang Tien and retired to Tashichiao."

A Battle Raging.

CHE FOO, June 9.—The Chinese, both merchants and coolies, are leaving Port Arthur with the permission of the Russian authorities. Fifty junks which left Port Arthur yesterday with Chinese passengers are now arriving here. The reports of the latest arrivals vary in minor details, but agree in a general statement that a battle has been raging for four days within ten miles of Port Arthur. All the Russian soldiers have, it is said, left Port Arthur for the front, and only three large ships and a number of small ones remain in the harbor. The Chinese are unable to explain what has become of the other large ships.

They further report that all the forts at Port Arthur have been more or less damaged by recent bombardments, and that a number of mines recently laid in the entrance to the harbor were exploded during a thunderstorm.

A WOMAN'S COLLEGE

In Connection With Trinity College at Durham, N. C.

By Telegraph to the Morning Star.

RALEIGH, N. C., June 8.—There is to be a great woman's college at Durham in connection with Trinity. This fact was announced by President Kilgo, of Trinity, to-day immediately after the conclusion of the commencement exercises. In connection with this matter he also announced the gift by B. N. Duke, of Durham, and J. B. Duke, of New York, of a tract of land adjoining Trinity, valued at $50,000, and an additional $50,000 in cash. Six thousand dollars were also given by members of the board of trustees. The condition attached to the Dukes' donation is that the people of North Carolina give an additional $50,000. The woman's college is an assured fact. Trinity now has endowment of $1,000,000. The Dukes have given almost $900,000.

What you pay for extracts is important, but what you get for your money is ten times more important. Burnett's Vanilla costs more because it is worth more.

If you go to Raleigh on Gough's Rapid Flyer, June 20th, you can see the city passenger agent in Raleigh who will extend your time making ticket good to return to Wilmington on the regular train arriving here on 23nd. See E. B. Williamson, agent, or large hand bills. j

A NEW TURN IN THE YOUNG SHOOTING CASE.

A Witness to the Killing in the Cab Turns Up—Writ of Habeas Corpus for Release of Mrs. Patterson Denied

By Telegraph to the Morning Star.

NEW YORK, June 8.—Justice Clarke, of the Supreme Court, to-day denied the writ of habeas corpus for the release of Mrs. Nan Patterson, who is held in connection with the mysterious shooting of Cæsar Young, the well known bookmaker and turfmen. Mrs. Patterson was remanded to the Tombs prison, where she has been confined since Young was shot to death in a cab while he was driving to a steamship pier with the young woman who was to sail for Europe.

The case took a new turn to-day when Algernon C. Meyer, of 253 E. Second street, Jacksonville, Fla., publicly announced that he was a witness to the killing of Young and stated that Young himself held the revolver which fired the fatal shot. His first story was told to the representative of a newspaper, but later in the day Meyer went to the district attorney's office and was subjected to an extended examination. His statement was taken in full by an official stenographer.

According to Meyer the shooting of Young appeared to be accidental. Mrs. Patterson was struggling with Young, who had the revolver in his right hand and his right arm was around her neck. To Meyer it appeared as though Mrs. Patterson was trying to push Young away from her, or, perhaps, to take the revolver away from him. According to the postman who first reached the cab Mrs. Patterson sat at the left of Young.

Meyer says there was another witness to the tragedy. This was a man about five feet eight inches tall, attired in a dark suit and wearing a straw hat. He had a small black moustache. This man, who was directly opposite the cab when the pistol was fired, according to the story told by Meyer, jumped upon the step of the cab and rode there a short distance. Meyer says he thinks the man talked to the woman in the cab.

According to the story told by Meyer, he was walking up West Broadway Saturday morning, when his attention was called to a hansom cab coming down the street. As he looked, the occupants, a man and woman, began to scuffle.

"As the cab approached me," continued Meyer, "I saw that the man had a gun in his right hand. His right arm was around her neck and the hand was about on a level with her head. At first I thought he was trying to put the pistol to her head. Right in front of me the tall man with the black moustache was walking, and I saw him stop and look at the scene in the cab.

"I could see the glint of the pistol barrel and all at once I heard the report and saw a little smoke float up. The driver did not stop his cab. The hand with the gun in it dropped down the girl's back and she dodged away. Then the man in the cab fell over. This was just before the cab passed me and just as the man ahead of me had run out and jumped up on the step.

"I turned and watched the cab go down the street. Then I saw it stop and saw a crowd begin to gather. I did not want to get mixed up in the case and kept away from the crowd. I had a reason for not wanting to be mixed up in the affair, but when I bought the newspapers Saturday afternoon and saw that the case looked bad for the woman, I determined to speak if it became necessary.

"I had never heard the name of Cæsar Young nor that of Nan Patterson before."

Another eye-witness to the shooting has been found by the district attorney in Carl Norlander, who has been served with a subpœnea. His testimony, it is expected, will shatter the story told by Mrs. Patterson that Cæsar Young shot himself. Norlander is supposed to be the pedestrian who leaped upon the step of the carriage, just after the shooting, according to the witness Meyer.

JACKSONVILLE, FLA., June 8.—Algernon C. Meyer, who testified that he saw Young shoot himself, resides here and is well and favorably known. He left Jacksonville three weeks ago on a business trip, going to Wilmington, N. C., and thence to New York.

SULTAN ACCEDES TO TERMS.

Has Given Orders to Grant All Demands of Bandit Chief Who Kidnapped Messrs. Perdicaris and Varley.

By Cable to the Morning Star.

TANGIER, MOROCCO, June 8.—The Sultan's letter in reply to the diplomatic representations made in regard to the kidnapping of Messrs. Perdicaris and Varley arrived here this afternoon.

It is said by a person in the Sultan's confidence that the Sultan has given orders to grant all of the conditions demanded by Raisuli, the bandit leader, in order to expedite the release of the captives.

WASHINGTON, June 9.—The State Department has received unofficial assurance through Mr. Gummere who had it from the British counsel at Fez, that the Sultan of Morocco will accede to all of Raisuli's terms. It is stated positively that under no conditions can the United States government guarantee the execution of the Sultan's promises.

It is stated that this government has no intention of acquiring a Moroccan port as a coaling station or of seizing a port and collecting the customs.

ARKANSAS FLOODS.

Crest of the High Water—Damage to Cotton Fields Will be Heavy.

By Telegraph to the Morning Star.

LITTLE ROCK, ARK., June 8.—The crest of the high water in the Arkansas river is expected to reach this point to-morrow. Reports from the lowlands indicate that the damage to cotton fields will be heavy, as the waters cannot recede in time for the re-planting. The levees in Desha county are holding and no danger is imminent.

In Argentina, across the river from Little Rock, there has been no damage and none is apprehended unless the river reaches twenty-seven feet which now seems hardly probably.

Reports from Newport state that White river has about reached a stand and no further danger is feared.

WARM WIRELETS.

The United States survey boat Blake has arrived in Hampton Roads and will remain there several days awaiting orders.

Within three days of Admiral Sigsbee's announcement that peace had been concluded in Santo Domingo, another revolution has broken out in that country.

Damage estimated at $400,000 was caused by a fire which last night destroyed the seven-story building in Chicago known as Machinery Hall. The building was occupied by several firms of manfacturigg interests.

BATTLE BETWEEN TROOPS AND MINERS

Miners Entrenched in Hills Around Dunnville, Twenty Miles from Cripple Creek.

OPENED FIRE ON THE TROOPS

A Fierce Fight Followed in Which Six Union Miners Were Killed and Fifteen Captured—Battle Still in Progress Late Yesterday.

By Telegraph to the Morning Star.

CRIPPLE CREEK, COL., June 8.—A pitched battle at Dunnville, twelve miles north of Victor, took place at 4 o'clock between 200 deputies and guards under Adjutant General Bell and about 150 miners from the Cripple Creek district. The miners were entrenched in the surrounding hills. Fifteen miners were captured and six union miners were killed.

The captured miners include John James, charged with shooting John Davis in the riot at Victor. Among the dead was John Carley, a union miner of Cripple Creek. Great excitement prevailed in this city upon the receipt of the news of the battle. The deputies secured the arms and ammunition of part of the miners.

As the special train bearing the deputies drew up at Dunnville the union miners, intrenched in the neighborhood, opened fire. General Bell got his men out and stormed the entrenchments, capturing fifteen, the arms and ammunition of these men being captured. In the fierce fight which followed, six union miners were killed. At 4.15 the battle was still in progress, the union miners fighting stubbornly. The miners occupied all entrenched positions in the hills and are shooting down at the soldiers and guards at every opportunity. The surrounding country is favorable to the miners and it seems that General Bell will have to take every defence separately.

Dunnville sprang into prominence last week when it was reported that enormous amounts of free gold had been discovered and there was an immediate rush to the place by union men, who declared that no others should be permitted in the camp. All others were barred. But the camp was of mushroom growth and the thousands who encamped there in the first two days of its existence dwindled away fifty or a hundred a day.

General Bell has expressed the opinion that the camp was nothing but a decoy and would be used by the miners as a base of operations. Dunnville is about twenty miles south of here and is said to be in Fremont county, which has not been declared by the governor to be in a state of insurrection and rebellion.

Martial Law Declared.

CRIPPLE CREEK, COLO., June 8.—Teller county is once more under martial law and the military is in supreme command. Adjutant General Sherman M. Bell and staff arrived in Victor early to-day and immediately promulgated military rule by posting on the door of armory where a large number of union men and sympathizers are imprisoned, acting Governor Warren A. Haggott's proclamation of martial law. General Bell is in command and will be assisted by Colonel Edward Nerdeckberg. Two companies of infantry are on duty.

[Special Star Telegram.]

RALEIGH, N. C., June 8.—The 88th annual convention of the Diocese of North Carolina convened here to-day. Thirty clergy and 32 lay delegates are present. Dr. M. M. Marshall, of Raleigh, was elected president; Rev. J. E. Ingles, of Henderson, secretary. The opening sermon was by Rev. McNeely DuBose; his subject, "The Power of Ministers to Secure Absolution and Remission of Sin." The convention selected St. Peter's church, Charlotte, as the place of meeting next year, May 17th. The session to-night was devoted to consideration of Sunday school work in the diocese.

A charter is issued to the W. H. Whitehead Company, of Goldsboro; capital $50,000; purpose to do a general insurance agency business.

Entertained in New Parsonage.

Rev. and Mrs. C. W. Kegley were "at home" last evening to members of Mr. Kegley's congregation at the handsome new parsonage recently erected at St. Matthew's English Lutheran church. The new residence was ablaze with light and most elaborately decorated for the occasion. Nearly every member of the congregation was present and all voted the reception a delightful success. Refreshments were served and a programme of music was rendered to the delight of all.

WHY IT SUCCEEDS.

Because It's for One Thing Only and Wilmington is Learning This.

Nothing can be good for everything.

Doing one thing well brings success.

Doan's Kidney Pills do one thing only.

They're for sick kidneys.

They cure backache, every kidney ill.

Here is evidence to prove it.

E. Porzolt, merchant tailor of Eighth South Front street, residing at 315 North Sixth street, says: "My wife used Doan's Kidney Pills and in her case they proved to be an effective remedy. She suffered with her ankles and could scarcely get down stairs in the morning. We thought it was rheumatism and her ankles would be all puffed up every morning; she could hardly hobble around. Since obtaining Doan's Kidney Pills at R. R. Bellamy's drug store and taking them she seems like another person. She is better in the morning, the swelling left her ankles and from the great relief she obtained we are only too glad to recommend Doan's Kidney Pills to others."

BUFFALO LITHIA WATER

Is Offered to the Public Upon its Record of Results Accomplished. Nothing Save an Actual Test Can be More Satisfactory to the Patient than the Testimony of Eminent Medical Men who have Repeatedly Tested its Merits in Bright's Disease, Albuminuria, Renal Calculi, Inflammation of the Bladder, Gout, Rheumatism and Uric Acid Troubles.

Dr. Roberts Bartholow, *former Professor Materia Medica and General Therapeutics in Jefferson Medical College, Philadelphia, and author of "Bartholow's Materia Medica and Therapeutics" and other well-known medical works, says:* "It is used with great advantage in Gouty, Rheumatic and Renal Affections."

Dr. G. A. Foote, *of Warrenton, N. C., ex-President Medical Society of North Carolina, formerly Member of the State Board of Medical Examiners, and also of the State Board of Health.* After reporting remarkable relief obtained from the use of this water in a case of CHRONIC BRIGHT'S DISEASE in his own person, Dr. Foote says: "From this experience in my own case, and observation of its action in similar cases in patients for whom I have prescribed the water, I have no hesitancy in expressing the opinion that BUFFALO LITHIA WATER is the most powerful of known remedies in this distressing malady so difficult of treatment."

Geo. Halsted Boyland, A.M., M.D., *of Paris, Doctor of Medicine of the Faculty of Paris, says:* "There is NO REMEDY SO ABSOLUTELY SPECIFIC IN ALL FORMS OF ALBUMINURIA and BRIGHT'S DISEASE, whether acute or chronic, as BUFFALO LITHIA WATER Spring No. 2, accompanied by a milk diet. In all cases of Pregnancy where Albumin is found in the urine as late as the last week before confinement, if this water and a milk diet is prescribed, the Albumin disappears rapidly from the urine and the patient has a positive guarantee against Puerperal Convulsions. Used as a substitute for ordinary water during the period of Gestation it will be found invaluable as a preventive of Puerperal Convulsions and other disturbances incident to this condition.

Voluminous medical testimony of the highest order showing the value of this water in the other diseases mentioned mailed to any address.
